**FROM :** PAMET CEBU EXECUTIVE COMMITTEE  
**DATE :** 18 MARCH 2022  
**SUBJECT :** INVITATION TO THE 26<sup>TH</sup> PAMET MIDYEAR CONVENTION

Warm Greetings from PAMET-Cebu!

The global spread of COVID-19 pandemic allowed the scientific community to innovate ways of exchanging and transferring the scientific knowledge, also considering that the measures taken to combat the pandemic, such as travel restrictions, closed borders and gathering bans, led to cancellations of many conferences, meetings and workshops.

In its continuous effort to attain the organization's vision to be the constant prime mover in advancing the Medical Technology profession for the ceaseless growth and development of its valued members, the Philippine Association of Medical Technologists, Inc. (PAMET) Cebu Chapter will be hosting the **26th PAMET Midyear Convention** with the theme **"Forging the Future of Medical Technology towards Digital Laboratory Medicine"**, this coming **May 24-26, 2022** at **Marco Polo Plaza, Nivel Hills, Cebu City 6000**.

This will be the first "Hybrid Convention Platform" following the Minimum Public Health Standards of the Inter Agency Task Force (IATF) and compliance to health regulations of local authorities.

In-person conferences (face to face), especially in Laboratory Science and Medical Technology, have always provided the scientific community with a unique opportunity for exchanging knowledge and ideas, professional updating, disseminating scientific findings, networking, and for developing policies and prevention strategies, which have had a great impact on the field of research over time.

In connection to that, PAMET Cebu would like to invite you and your medical technologist/s to join and participate in this momentous celebration and learning experience.

**REGISTRATION FEE for Face to Face Participants**  
**(Including AM&PM Snacks, Meal and Convention Kits Only)**

*Early Registration: P5, 800.00 || Late Registration: P6, 800.00*

**Deposit Payment to:**
